

Master The Art of Law Preparation With These 6 Tips

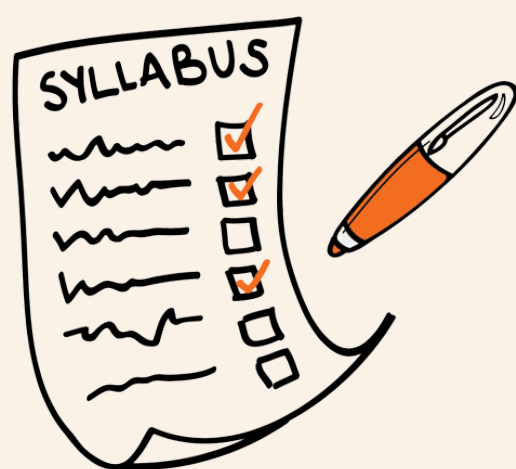

Never mug up facts and theory

Mugging up facts and theory will never help you because you will not be able to retain the information for long period of time.

Never take any easy section of the syllabus for granted

Most of the aspirants COMMIT the mistake of leaving and not revising easy topics. So take every topic and subject seriously and give the reasonable time needed for all.

Keep Polishing your weaker topics

Never leave the weaker section. Keep trying to understand, solve and polish your weak areas.

Choose a good set of books and a good coaching centre

Indeed many candidates are bright but in order to crack a competitive exam, it is advisable to include good set of books and proper guidance.

Follow up all the previous year question papers and new sample papers

Keep revising all the previous year question papers and new sample papers. This will help you to prepare well.

Keep testing the topic you have completed

Revision is one of the most important parts of the preparation, you should never skip this part.
