

# NICHES COVERED IN NFT

1

## **FASHION: NO FABRIC, NO WASTE**

NFT is gaining a competitive advantage in the fashion business by tokenizing accessories & designs to minimise product duplication.

2

## **MUSIC: RARE COLLECTIBLES STORED ON A DIGITAL LEDGER**

With ownership established by contract, protect your music from being copied, plagiarised, or stolen by setting up your marketplace.

3

## **REAL ESTATE: TOKENIZE YOUR REAL ESTATE**

By placing your lands on the market and expanding your platform, you can virtualize them and earn control of them. The Interior layout can help you make it more worthwhile.

4

## **GAMING: PLAY TO EARN**

The tokens are widely used in the gaming industry since players attain profit from the producer of distinctive NFT characters.

5

## **ART: FUTURE OF FINE ART COLLECTING**

Without a doubt, the craftwork world is a vast corporation. Creating an NFT token can be used for owning and trading digital artworks. Each ownership pertains to unique artwork.
