# TYPES OF STUDIO MONITOR STANDS

From SoundAnchors

**STUDIO MONITOR STAND- ADJUSTABLE - ADJ1 & ADJ2**

These studio monitor stands allow height and tilt adjustment of the monitors.

**STUDIO MONITOR STAND for TWO SPEAKERS -ADJ3**

These stands allow independent height and tilt adjustment of both monitors.

**STUDIO MONITOR STAND with LATERAL ADJUSTMENT -ADJ4**

The upright of this stand can be adjusted from side to side which facilitates "best" lateral speaker positioning.

**STUDIO MONITOR STAND for MID & FAR FIELD -ADMID**

Mid & Far Field Studio Monitor Stands ADMID are designed to allow the engineer to correctly place a pair of large monitors for best sound.

High-Quality Speaker Stands for High-End Equipment = The Highest Performance
