

FANTASY CRICKET

Make your dream team a reality with 3plus Fantasy Cricket.

1

Download the app from the website www.3plusgames.com. and create your account by adding the necessary details

You can choose various upcoming cricket matches or series to participate in. The first step you have to do is to create a virtual team for the upcoming real-time match.

2

3

To create your own team, pick the best 11 players from the two competing teams. Always make sure that the players you choose are in the lineup. Also, analyse the players' previous performances and match statistics before listing them on your team

Because the players you choose will score points for you. Then pick your Captain and Vice-captain wisely. They will score more than other players. Once finished making a team, unwind and enjoy the game

4

5

Based on how well your team members played in the actual game, your team will move up in the leaderboard and win cash rewards.

The point system will be based on the runs scored, strike rate, number of boundaries and sixes, wickets were taken, economy rate, dot balls, maiden overs, run outs, stumpings, catch bonus, and all other factors of a cricket game

6

7

The Captain of your team will earn you double the points while the vice-captain earns 1.5
