

# Know The Forbes Richest & Read Their Life Story All On An App

Presenting The 1st Forbes iPad  
App – Read Inspirational Stories  
On The Go!

**Forbes is well known for publishing lists of the 400 Richest Americans and World Billionaires.**

This is where our [Sunflower Lab](#) founders come in. They devised a digital solution through which the Forbes list could be seen in an iPad app. To this they added the functionality of profiles of all the billionaires and richest people featured. And to make things simpler, all the user has to do is click on the featured picture of the person they want to read about!
