

ANTI HAIR FALL SERUM

THAT WILL CHANGE YOUR LIFE

PROCAPIL

Procapil is a hair care ingredient that's said to help strengthen hair follicles, promote hair growth, and prevent hair loss.

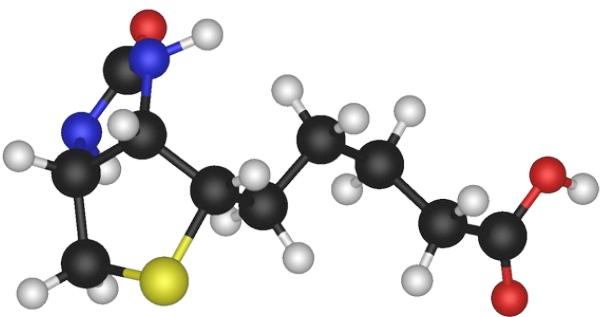

SAW PALMETTO

Saw Palmetto is a natural ingredient that some people believe can help with hair growth by blocking the hormone linked to hair loss.

BIOTIN

Biotin is a vitamin that helps your body convert food into energy. Some people take biotin supplements believing it can improve the health of their hair, skin, and nails.

ANAGAIN

Anagain is a hair care ingredient derived from organic pea sprouts. It's believed to stimulate hair growth by prolonging the hair growth phase and increasing hair density.

KERATIN

Keratin is a protein naturally found in your hair, skin, and nails. Using keratin treatments or products can help strengthen hair, reduce frizz, and improve overall hair health.
